

# AMAN YADAV

## SUMMARY

As a third-year undergraduate student pursuing a B.Tech degree in Computer Science and Engineering, I have developed a strong foundation in computer science and engineering concepts. I am particularly interested in front-end development, data visualization, and data analysis. Through my coursework and personal projects, I have gained hands-on experience in developing web applications using HTML, CSS, and JavaScript, as well as working with data analysis tools such as Python. I have also created interactive visualizations using Plotly, Pandas and Numpy. In addition to my technical skills, I possess strong problem-solving and analytical skills. I am an effective communicator and a collaborative team player, and I am eager to apply my skills and knowledge to real-world projects in the field of front-end development and data analysis

## EXPERIENCE

## EDUCATION

**Certificate of Higher Education, Engineering, 2025**  
**Mile Stone Academy**, - Junwani, Bhilai, Chhattisgarh

As a third-year undergraduate student pursuing a B.Tech degree in CSE, I have developed a strong foundation in computer science and engineering concepts. I am particularly interested in front-end development, data visualization, and data analysis. Through my coursework, I have gained hands-on experience in developing web applications using HTML, CSS, and JavaScript. I have also worked with data analysis tools such as Python and have created interactive visualization

- Coursework in [Area of expertise]
- I am particularly interested in front-end development, data visualization, and data analysis
- [Degree] Graduate
- Bachelor of Technology (B.Tech) in Computer Science and Engineering (CSE), [ITM UNIVERSITY , Gwalior], [Expected Graduation Year]
- 2025

## CONTACT

**Address:** Bhilai, India 490024

**Phone:** +91 8103244264
