

# AMAN YADAV

3rd Year Student at ITM  
UNIVERSITY, Gwalior

## PROFILE

I am a skilled web developer specializing in crafting captivating web interfaces through HTML, CSS, and JavaScript. My proficiency extends to data analysis, where I harness the power of Python and R to derive valuable insights. I further enhance these insights using data visualization libraries like Plotly, Pandas, and Numpy. With hands-on experience in Google Workspace and Google Colab, I efficiently collaborate and innovate. My robust problem-solving and analytical abilities equip me to tackle challenges strategically. Coupled with excellent communication skills, I thrive in team environments, ensuring seamless idea exchange and project cohesion. I am dedicated to continuous learning and growth, always eager to contribute effectively.
